Turtlemint Fintech Solutions Ltd

Company Overview:

Turtlemint Fintech Solutions Ltd. (Turtlemint) is a Mumbai based fintech company engaged in the digital distribution of Insurance, Loans and Mutual Funds, through its tech-enabled proprietary triadic technology platform that seamlessly connects Digital Partners (Point-Of-Sale-Person (PoSP)), Insurer Partners, and customers. Its PoSP/Digital Partner-led distribution model, enabled by platforms such as TurtlemintPro, Turtlefin, and Turtlemint Money allows PoSPs to distribute financial products including Motor, Health, Life Insurance, Mutual Funds, Loans and Credit Cards. As of December 2025, Turtlemint has built one of the largest PoSP networks in India at 6,31,885 including 5,07,124 PoSP certified agents, partnered with 45 insurers (Bajaj General, Chola GI, Aditya Birla Group, HDFC Ergo, etc. which covers 75% of all life and general insurers in India), and a strong presence across 19,000+ pin codes (98% geographic coverage).

Key Highlights:

1. Large scale distribution platform & strong Digital partners:

Turtlemint operates one of the largest (5,07,124) PoSP-led distribution networks in India, (41% CAGR growth in its PoSP network, FY21-FY25) and has distributed over 21.9 mn policies (Apr'22- Dec'25). The company has a pan-India presence across 19,171 pin codes, enabling large-scale reach. The company's highly diversified and granular Digital Partner network primarily operate as retail distributors directly serving end customers, rather than relying on aggregator-led models which improve customer engagement & distribution efficiency.

2. Strong Presence in High-growth B30+ Markets:

Turtlemint has a dominant presence in B30+ markets (80% digital partners; 75% Platform premium), significantly higher than the industry (50-60%). These markets are expected to drive a majority of future insurance growth across life, health, and motor segments and are projected to grow 1.6x faster than metro markets, providing a strong structural tailwind. The company's increased focus on B30+ markets, helps capitalize this opportunity, by leveraging its Digital Partner network + tech tools to effectively penetrate these fragmented markets.

3. Long-term Partnerships with Multiple Insurer Partners:

Turtlemint has partnerships with 45 insurers (75% of the Indian market), enabling broad product availability and strong ecosystem integration. Its tech-driven broker model offers insurers 8-10% cost savings, making it a cost-efficient distribution channel helping insurers scale into underserved markets at lower cost.

4. Expanding into Financial Products to become a One-Stop Financial Platform:

Turtlemint is expanding beyond insurance into mutual funds and loans, leveraging its large Digital Partner network and customer-level data insights to exploit cross selling opportunities. This diversification improves digital partner earnings, platform revenue streams, and customer stickiness, driving better unit economics.

Valuation: Turtlemint is a fintech platform relying on its digital partners and insurer partners to distribute insurance and other financial products. It focuses primarily on the B30+ markets (outside the Top 30) in India where insurance penetration is relatively lower as well as require guidance and operational support at the time of purchase of the insurance products. However, the company is yet to achieve profitability. Operating cash flow is also negative. The company operates in a highly competitive industry that consists of both established offline players and emerging online platforms. The commission structure is also highly regulated which can impact the company's business model. At the upper price band of Rs 152, the IPO is valued at 9MFY26 annualized P/S of 4.5x on post issue capital. We assign a Neutral rating to the issue and would like to track the performance of the company for a few quarters post listing.

Risk Factors

- **High dependence on General (Motor) insurance:** The company derives majority of its revenue (85-93%) from general insurance, particularly motor insurance, leading to high segment concentration risk. Any disruption in relationships with general insurers, regulatory restrictions, or slowdown in motor insurance demand could materially impact revenues.
- **Dependence on Commission-based Revenue Model:** The company derives 97-99% of its revenue from commissions, fees, and rewards from insurer partners, resulting in high revenue concentration. Any reduction in commission rates or unfavorable changes in fee structures can directly impact profitability. Limited pricing power makes earnings highly sensitive to regulatory or partner-driven changes in payout structures.
- **High Dependence and Cost Associated with Digital Partners:** Partner acquisition and retention costs are very high (~65–75% of total expenses), impacting overall profitability. Failure to efficiently onboard, activate, or retain partners can directly affect sales and growth. Additionally, the cost-heavy model limits operating leverage if productivity per partner does not scale adequately.
- **Customer Retention, Innovation, and Technology Dependence Risk:** The company depends on effectively attracting and retaining customers, which requires strong Digital and Insurer Partner performance, continuous platform innovation, and reliable technology infrastructure; any shortcomings in these areas could adversely impact competitiveness, operations, financial condition, and cash flows.

Growth Strategies

- Continue market penetration and insurance distribution in B30+ markets through Digital Partner network
- Introducing new insurance products and adding other financial products to become one stop shop for all financial needs of the customers
- Continue to leverage technology and AI to drive scalable growth and improve operational efficiency
- Enhancing capabilities through strategic investments and acquisitions

Key Operating Data

Particulars	FY23	FY24	FY25	9MFY26
Platform Premium (Rs cr)*	2,215.5	2,273.1	2,945.9	2,631.6
Percentage of Platform Premium distributed in B30+ markets (%)**	71.6	71.2	73.8	75.1
Number of Digital Partners***	3,76,618	4,44,794	5,43,972	6,31,885
Active Transacting Digital Partners (quarterly average) #	38,702	49,668	63,048	79,943

Source: RHP, SSL Research

*Platform Premium refers to total premium (i.e., payment and consideration) received on the insurance policies (net of Goods and Service Tax) that were issued or re-issued on the platform

**Refers to the percentage of premium on policies issued by the insurance companies through the platform in pin codes belonging to the Below top 30+ markets

*** Refers to any user who has registered on TurtlemintPro platform to distribute insurance and other financial products and completed KYC having provided their phone number, name and permanent account number. Digital Partners also include PoSPs who have completed the mandatory training, enabling them to obtain the requisite certification to distribute insurance products in accordance with applicable IRDAI regulations, including the PoSP Regulations.

Active Transacting Digital Partners are those who have facilitated the sale of insurance or any other product in the given period, calculated as a quarterly average during the relevant period/ fiscal year.

Proforma Revenue Split

Proforma Revenue - Split	FY23		FY24		FY25	
	Rs cr	%	Rs cr	%	Rs cr	%
Income from Distribution of financial products	159.0	30%	512.0	91%	686.2	98%
Income from Technical and support services	21.7	4%	11.9	2%	14.1	2%

Revenue

Particulars	FY23	FY24	FY25	9MFY26
Platform Premium (Rs cr)	2,215.5	2,273.1	2,945.9	2,631.6
%g YoY		2.6%	29.6%	
Proforma- Revenue from operations (Rs cr)	538.0	564.2	700.3	741.1
%g YoY		4.9%	24.1%	
Renewal Commission Revenue (Rs cr)	31.8	128.1	148.7	146.0
%g YoY		302.4%	16.1%	
% of Proforma revenue	5.9%	22.7%	21.2%	19.7%

Source: RHP, SSL Research

Increase in renewal commission revenue in FY24 compared to FY23 is on account of certain regulatory changes. Notably, the definition of “commission” has also been expanded to include any form of compensation - whether termed remuneration, reward, or otherwise - paid by an insurer to an insurance agent or intermediary for soliciting, procuring, or transacting insurance business
